BROOKLYN AMITY SCHOOL

Mission Statement

Brooklyn Amity School, as K-12 private school, provides a college preparatory educational program through well-balanced curriculum emphasizing science, technology, engineering, art, and math (STEAM) integrated with athletics in a safe environment that cultivates respect for self and others.

Vision Statement

Graduates of Brooklyn Amity School are global thinkers who contribute to the community as socially responsible and educated members of society.

Dear Parents & Students,

This booklet contains Brooklyn Amity School 2016-2017 school year after school clubs and tutoring schedule. All after school clubs and activities listed by weekdays. Please review clubs, tutoring and their schedules carefully. Then, fill out after school registration form attached at the end of this booklet and submit it to the front desk by **Wednesday, September 28th**. Clubs will **start on Wednesday, October 5**.

MONDAY CLUBS

3:15pm-4:15pm

Showcase Readers Club

Andrea Nardo

Grades 1-4

Students will work on their fluency by choosing a book to read aloud to the club. Students will discuss the book and create a poster each week. **Students must know how to read.**

Movie Critic Club

Samantha Mansour

Grades K-4

Students will critique, discuss and review movies that will follow with students creating their own version of the film. These movies will be both educational as well as G rated. The club will boost literacy, critical thinking and filmmaking skills.

Games Club

Allison Jones

Grades 5-8

Students will play board games, card games, video games, and classic outdoor games (ex: tag, hopscotch, jump rope, catch). Students may bring multiplayer card games, board games, and electronic devices (iPad, laptop, tablet, portable game system, etc.) at their own risks. Students must maintain a passing average in all subject areas to qualify.

Yearbook Club

Melissa Caruso, Amanda Heelan

Grades 9-12

Students will document and photograph all Amity students' school experiences through the year. By the end of the year, students will have a beautiful keepsake.

Turkish Club

Erdem Duran

Grades 5-8

Students will be prepared to compete in the Turkish Culture and Language Olympiads which aims to contribute to linguistic and cultural diversity of the United States by encouraging and motivating students in schools to showcase their knowledge and skills of Turkish language and its culture in a friendly contest and to develop understanding and respect among cultures.

Digital Drawing Club

Jamal Amanova

Grades 8-12

Students will have an opportunity to express themselves in digital drawings using Wacom tablet. We'll learn tips & strategies of creating unique and effective digital drawings in a computer environment.

Lego Club

Munisa Mukhamatkulova

Grades K-2

Children will build their creativeness, confidence, and strengths through playing and building with Lego bricks. These are Fantastic learning opportunities for them! It engages their minds to think of a path from where they are stuck to where they want to get to (the end point of their build).

Book Club

Charmaine Witter

Grades 3-5

Students will be asked to choose a book based on their particular interest; to discuss the book and engage in different book-related activities. Parents will be expected to read a book with their child once a week. The overall goal is to encourage kids to discuss and enjoy different kinds of literature.

Soccer Club

Erdem Duran

Grades 6-9

Students will enjoy playing soccer and practice various strategies. It's a perfect combination of individual activity and team strategy in which players hone their skills and find ways to exhibit personal style, while at the same time, work closely as a team if they hope to achieve any measure of success.

Book Club

Elaine Resso

Grades 6-12

Book club will be reading variety of different books together from multiple genres then discussing them during club meetings.

Ensemble Club

Ali Kahya

Grades 9-12

Students who play any instrument are welcome to join this club. We will put everybody's skills together and organize concerts.

Helping Hands Club

Songul Candik

Grades 9-12

Have students come together and join programs and events that aim to improve our school, society and world. We will focus on events for our school that will be of help to others that will go hand in hand with Embrace Relief, Red Cross and many other organizations.

AP Computer Science

Ibrahim Colak

1st Grade

Fatima Saleh

THURSDAY CLUBS

3:15pm-4:15pm

Zumba Club

Fatima Saleh

Grades K-2

Zumba Kids classes feature kid-friendly routines based on original Zumba choreography. We break down the steps, add games, activities and cultural exploration elements into the class structure.

Arts & Crafts Club

Joanna Chan

Grades 3-5

Students will explore their creativity through various hands-on materials. They will be able to use these materials and create works of art. Students are encouraged to bring in ideas to further their creativity.

Math Club

Aybolek Amanmyradova

Grades 6-8

Math Club will develop and enhance students' problem solving skills, strengthen mathematical intuition and creativity. Students will be prepared to Mathcounts Competition Series which is a national program providing opportunity to compete in live, in-person contests against and alongside their peers. Advanced math skills required.

FLL Robotics

Palvan Amanov

Grades 6-8

Students will build, program and test various kinds of robots and participate FIRST Lego League contest which is a world wide robotics competition for middle school students. We will be working on weekends as well. Strong commitment and passing a robotics test required.

Students will learn how to play tennis. We will enjoy playing the second most played sport in the world which will keep students' bodies and brains engaged & active for an hour long.

Spanish Club

Sara Aravelo

Grades 3-5

Students will learn about the Spanish language and culture. Students will focus on Spanish fashion, film, dance, food, celebrations, art, and music.

Science Olympiads-Middle School

Seviye Duran

Grades 5-8 (participants)

Grades 9-12 (coaches)

The Science Olympiads is a regional, state, and national science competition in which school-based teams of up to fifteen students competition twenty-three events across various science field. The Science Olympiad program is a wonderful opportunity to involve students in all disciplines of science and continue their learning well beyond that of the classroom. **High school students can take part in the club as coaches and receive internship hours.**

Chess Club

Yerbol Mukhamadiyev

Grades 5-8

Chess is a fun game that incorporates many aspects of the students profile: knowledgeable, inquirers, thinker, risk-takers, balanced, principles, and reflective. This club helps foster the student's intellectual growth while having fun. Students of all levels are welcome to come, as help is given to those who need it. Chess variants are sometimes played. Chess Club also offers chess quizzes, chess puzzles and problems.

Anime Club

Christine Su

Grade 9-12

We are the BAS Anime Club! Come bond with like minded peers. We'll chat about anime, draw some pictures, and have a great time.
